RE: Sanitary Sewer Construction;
Ohio Revised Code 307.73, Canfield
Township, Burgett Road and Raccoon Rd.

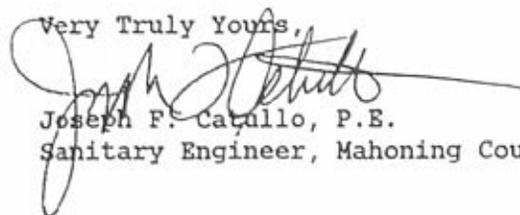

Gentlemen:

This office has reviewed the request from Mr. Gene Russo, President of GRPL Inc., 3765 Sperone Court, Canfield, Ohio 44406 to construct a sanitary sewer under the provisions of Ohio Revised Code 307.73 and recommends the Board approve the request.

The proposed sanitary sewer line will be approximately 4100' in length and located within the right-of-ways of Burgett and Raccoon Roads. The line will begin in the C.M. Morain property having permanent parcel number 48-111-0-005 at a point approximately 520' east of the west property line and 625' north of the north right-of-way line of Burgett Road. The line will then proceed in a southerly direction an approximate distance of 635' into the Burgett Road right-of-way. It then proceeds westerly on a line parallel to the Burgett Road right-of-way approximately 1541' to a point near the intersection of Burgett and Raccoon Roads. The sewer then proceeds southerly within the right-of-way of Raccoon Road a distance of approximately 1924' to a terminal manhole located near the southeast corner of land owned by GRPL Inc. This project benefits properties fronting along the above mentioned roads.

This office is forwarding the resolution to be passed by the board to permit the construction of the sewer under Ohio Revised Code Section 307.73. Should there be any questions, please advise.

Very Truly Yours,

Joseph F. Catullo, P.E.
Sanitary Engineer, Mahoning County
